

# TRANSPORTER SPORTLINE 2011

From Vansales.com 01656 674 620

## VOLKSWAGEN VANS

The first Transporter Sportline was introduced into the UK in 2006.

Since then it has not only sold in its thousands but created a wave of copies and lookalikes.

They hold their value better than almost any other vehicle.

This van boosts the resale value of every other Volkswagen van.

It yielded a UK phenomenon which is the Sports and Surfer van market.

A Sportline will always encompass performance and good looks and the 2011 Sportline is no exception.

Today's version has been adapted with Euro 5 engines for lower emissions and more MPG.

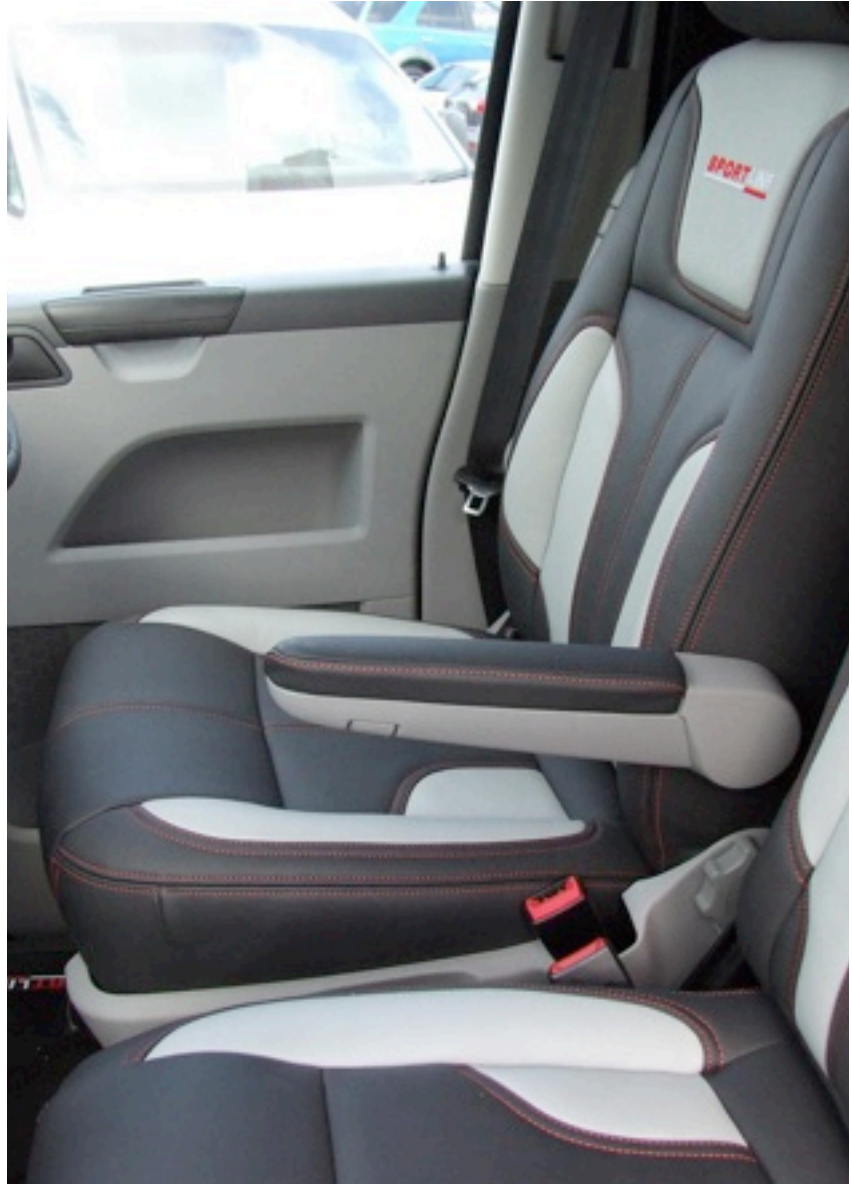

Better leather seating with just three front seats and more subdued chrome front and side.

All vehicles are T32 for maximum payload, all with tailgates as more popular.

Even now a 7 speed DSG automatic gearbox option.

As always the suspension is lowered for a slightly better handling ride.

Ask about the Free Service offer for 2011 as you may qualify.

## KENWOOD TECHNOLOGY PACK

The unit is designed for Volkswagen vans and fits snugly into the dashboard. As standard a 7" colour touch screen with DVD, 36 country SATNAV, IPOD friendly, and most of all bluetooth for your phone. It integrates with the multifunction steering wheel.

Add a lead and you can power your iPhone or iPod and access your tracks on the move.

The SATNAV is 3D with most of Europe and reacts far quicker than say a TOM TOM due to an external aerial lacking from so many vehicles.

The bluetooth comes complete with a microphone wired in so you can be heard clearly.

The internal workings are made by Parrot a leader in Bluetooth for phones.

## SPORTLINE

AIRCON

LEATHER SEATS

METALLIC BLACK, SILVER OR

ICE WHITE UPGRADE

KENWOOD SATNAV AND CD PLAYER

ABS, EBD, TCS

SIX GEARS OR AUTO

### NEW TWIN TURBO ENGINE

New Euro 5 engine with 180 PS with the lowest emissions and best fuel economy ever

### STAINLESS STEEL

Just like the previous models all Transporter Sportlines come with the obligatory chrome

## UPGRADES

Make life easier

### Headrest Monitor Use

1. Hardwired to the front Kenwood unit, it can play whatever the front unit is playing. Extra.
2. Plug and play. Simply connect to 12 Volt socket. Our headrests all work within seconds out of the box. Also contains 32 games and a remote control, as well as head phones socket. Optional infra red headphones  
Slave a second unit to it for even more bling.  
Headrests come in black with a zipper cover so only you know its there and removable fronts.

### Clay Kits/ Autoblinding

Even new vans have imperfections in paint, which means they get dirty quicker. If you use SVT Clay it gently removes these imperfections to allow a better bond with a natural or synthetic wax to bring out a mirror shine. We recommend SVT Autoblinding which contains 10% Teflon. This reduces the need for cleaning, protects the paint from tree sap, bird lime, dead flies etc. It takes quite a bit of work but the results are fantastic. We charge £899 to do it or just buy buy the kits.

### Reversing Cameras

3 types. C3 gains gridlines which make reversing easier.  
The SVT Brand gets gridlines plus its infra red for reversing in the dark

### REAR HEADREST DVD FITS SPORTLINE KOMBI

Plug and play or hardwire to the Kenwood  
Sold individually. Watch DVD or TV.  
Remote control, zipper cover to conceal  
Also play 32 games. Radio too.  
Speakers or headphones  
**SVT** Single Black DVD Restraint  
**Price** £249 or £449 pair + VAT

### REVERSING CAMERA

Forget reversing sensors, plumb a reversing camera straight into you Kenwood. Three models. Ask for a full descriptions  
**Kenwood C2** £299 fitted  
**Kenwood C3** £399 with gridlines and Joystick  
**Swiss Van Tek** Brand £299 fitted

### CLAY KITS

For the ultimate mirror finish treat you van with 3 clay bars and Swiss EDTA cleaner, followed by a layer of Autoblinding. The result will be a mirror finish that lasts  
**Swiss Van Tek** Clay Kit £29.99 + VAT  
**SVT** Autoblinding Sealant £29.99 + VAT

## **EMISSIONS AND ENVIROMENT**

The 180 engine is class leading at 205 gCo2/ per KM  
Volkswagen has invested 20 Mill € in Salzgitter Germany to investigate VW Sicon process that recovers 70,000 tones of sand, fluff and fuel substitute rather than use landfills.

[www.cartakeback.com](http://www.cartakeback.com)

## **FUEL CONSUMPTION**

The 180 PS engine is designed to give you a smaller fuel consumption.

Manual - 28/42/36 with 205 g/KM co2

DSG - 27/40/34 with 214 g./KM co2

## **PERFORMANCE**

Increasing pressure over exhaust gases has changed the way engines are designed. The most modern engines get more power out of smaller units thus the Transporter Sportline uses a Twin Turbo 180 PS engine as standard, six speed, with an optional DSG gearbox as a special order.

Manual 0 - 62 9.9 seconds 119 Top speed

DSG 0 - 62 10 seconds 119 Top speed

## **VOLKSWAGEN CARE**

Every new Volkswagen van sold in the UK comes with 3 years Volkswagen Roadside Assistance.

Benefits

**0800 77 71 72 UK 0800 290 112 France 00 33 472 43 52 55 Rest of Europe**

## TRANSPORTER SPORTLINE OPTIONS

There are very few options on a Transporter Sportline  
Some common questions and answers

- There are three front seats  
You cant have two except on Kombi
- You cannot have barn doors but you can have a solid or glass tailgate
- You cant have a 4x4 Kombi but we can hand make one but it is more expensive like most handmade items.
- The rear seats are removable in the Kombi
- A bulkhead can be fitted to the Kombi new for 2010
- Both the van and the Kombi are tax friendly both for VAT and for company car tax  
Since a van you have only a £3000 tax burden so makes perfect sense
- All Technology pack upgrades are done at your home, by Swiss so you get a better guarantee.
